

Health Address Book in France

Where to Get Health Information in France....
(Health Economics, French Health Care System, Public Health...)

August 2022

Irdes Information Centre

This directory is not an exhaustive address list.

We selected the principal institutions or organizations which provide information to the public on the French health care system and health issues in France.

The names of the institutions are translated by our own services and should not be taken as “official” translation.

We provide brief information on their missions and their productions of interest for those who work in health area.

For a better understanding of the actors and institutions of the French healthcare system, you can also refer to the following publications:

Produces: continuing professional education, publications, product certification, arbitration committee, news on dental professions and on new developments in dentistry, odontology research (IFRO), information for the dental profession, the public, and the press.

► ARSI : Nursing Research Association

ARSI - Association de Recherches en Soins Infirmiers
BP 65054
31033 Toulouse Cedex 5
Email : secretariat@asso-arsi.fr
<https://www.asso-arsi.fr/>

Mission: ARSI is a research association

Produces: Online articles from the magazine « recherche en soins infirmiers » (Subheading « Banque de données RSI », files, further training)

► SFMG : French Society of General Medicine

SFMG -Société Française de Médecine Générale
141 av. de Verdun
92130 Issy-Les-Moulineaux
Tel: 01 41 90 98 20
<http://www.sfmfg.org>
<http://omg.sfmfg.org> (observatory of medical practice)

Mission: SFMG is a society which promotes general medicine through the development of research

Produces: publication of research into general medicine, observation of general practitioners' daily practices, common pathologies observed in general medical practice

Medicine and healthcare periodicals :

► BIU Santé : Medical schools library

BIU Santé -Bibliothèque Interuniversitaire de Médecine

Pôle Médecine - Odontologie

12 rue de l'Ecole de Médecine

75270 Paris cedex 06

Tel : 01 40 46 19 51

<https://u-paris.fr/bibliotheques/biu-sante-medecine/>

Document supply service : <https://u-paris.fr/bibliotheques/fourniture-reproduction-numerisation/>

Mission: BIU Santé is the library of medical schools.

Produces: The BIU Santé has an important library collection on medicine, the history of medicine and the history of dentistry for students and healthcare professionals. Catalogues of the BI sante collections, on-line resources, directory of French medical libraries, free question / answer service, provision of documents and reproductions

► BIU Santé - Pôle pharmacie-Biologie

4 rue de l'Observatoire

75270 Paris cedex 06

Tel : 01 53 73 95 23

<https://u-paris.fr/bibliotheques/biu-sante-pharmacie/>

► SUDOC : The French academic libraries system of information

SUDOC -Système universitaire de documentation

<http://www.sudoc.abes.fr/LNG=EN/>

The Sudoc catalog lets you search bibliographic information on all types of documents held by French academic libraries, as well as other higher educational establishments, and on serials to be found in 2400 documentation institutions. You can obtain detailed holding information there, too. The "Repertoire des centres de ressources" lets you access all kinds of useful information about participating libraries.

Hospital sector

► AP - HP : Public Hospitals of Paris

AP – HP - Assistance Publique - Hôpitaux de Paris
Hôpital Bicêtre
Bâtiment Mathieu-Jaboulay
Secteur orange – Porte 36
78, rue du Général Leclerc
94270 Le Kremlin-Bicêtre
Tél : 01 40 27 50 77
Email : archives.ap-hp@sap.aphp.fr
<https://archives.aphp.fr/>

AP – HP is the biggest public group hospital in the Paris area
Field: Archives de l'AP – HP

► AP - HP : Public Hospitals of Paris School of hospital managers

AP – HP -Assistance Publique - Hôpitaux de Paris
Ecole des Cadres Hospitaliers
Centre de Documentation
33 bd de Picpus
75012 Paris
Tél : 01 86 69 22 12
Email : centre.doc.dfc@aphp.fr
<https://documentation.aphp.fr/>

AP – HP is the biggest public group hospital in the Paris area
Field: Hospital management, hospital sector

► ARS: Regional health agency

ARS- Agence régionale de santé
ARS's portal
<https://www.ars.sante.fr/>

Mission : the ARS have replaced Regional Hospital Agencies (AHS) from 2010 onwards. The ARS are governing bodies responsible for managing the healthcare system in the regions

► ATIH : Technical Agency for Information on Hospitalisation

ATIH -Agence Technique de l'Information sur l'Hospitalisation
Head office
65, Bd Marius Vivier Merle
69482 Lyon Cedex 03
<https://www.atih.sante.fr/>
<https://www.scansante.fr/>

Mission: this agency takes responsibility for measures working towards the implementation and accessibility to third parties of the joint State-Health insurance information system contributes to work relating to health nomenclatures. It manages the information systematically collected from all hospital admissions and used for hospital planning and financing

Mission: FHF represents public hospitals

Produces: Updates about public hospitals, history, key figures, bibliography, publications, directory and statistics of establishments and services

(<https://etablissements.fhf.fr/annuaire/resultat.php>)

► **FHP : Private Hospitals Federation**

FHP - Fédération Hospitalière Privée
Service communication
106 rue d'Amsterdam
75009 Paris
<https://www.fhp.fr/>

See also Baqimeph, which is the merge of Adimehp and Baqhp (Bureau d'Assurance Qualité et de l' Information Médico-Economique de l'Hospitalisation Privée) :

<https://www.baqimehp.com>

Mission: FHP is the result of the merge of two private hospitals unions, FIEHP and UHP. It represents the private for-profit hospitals. Adimehp provides economic and medical statistics on hospitalisations in private hospitals from the French hospital information system called PMSI.

Produces: key figures on private for-profit hospitals

► **FNEHAD : National Federation of Home Health Care Services**

FNEHAD - Fédération Nationale des Établissements d'Hospitalisation à Domicile

14 rue des Reculettes

75013 Paris

Email : contact@fnehad.fr

<https://www.fnehad.fr/>

Mission: FNEHAD federates and represents home health care structures (HAD - hospitalisation à domicile). Its aims: promoting home healthcare structures, helping structures to develop, providing its support to hospital policies

Produces: brief description of the sector (history, legal framework, number of structures), directory of members, publications

► **Hospices Civils de Lyon : The public hospitals of Lyon**

Hospices civils de Lyon

Documentation centrale

3-5 av. Esquirol

69003 Lyon

<https://documentation.chu-lyon.fr/>

HCL, one of the biggest public hospital groups, offers a documentation centre to the public which provides information on hospital organisation.

► **IRDES : Institute for research and information in health economics (official translation)**

IRDES Institut de Recherche et Documentation en Economie de la Santé

117 bis rue Manin

75019 Paris

Tel : 01 53 93 43 00/51

Email : contact@irdes.fr

<https://www.irdes.fr>

English pages : <https://www.irdes.fr/english/home.html>

Produces on hospital: Statistics on patients, length of stay, medical consumption, morbidity, and in-hospital surgery, national survey on home health care, development of ambulatory surgery, relationship between volume of activity and quality of care...

► **Ministry in charge of health**

DGOS : Department of Health Delivery

Ministère de la santé

DGOS (Direction Générale de l'Offre de Soins)

Service Documentation

14 av. Duquesne

75350 Paris 07 SP

Tél : 01 40 56 60 60

<https://solidarites-sante.gouv.fr/ministere/organisation/organisation-des-directions-et-services/article/organisation-de-la-direction-generale-de-l-offre-de-soins-dgos>

► **ARS : Regional Health Agencies**

Les ARS - Agence Régionale de Santé

ARS' portal

<https://www.ars.sante.fr/>

Mission : Created by a law passed in 2009 (Act reforming hospitals and relative to patients, health and territories), the Regional Health Agencies are grouping together, under a single authority, prevention services, all aspects of care services (hospital and outpatient care) and the management of health crises.

The regional Health Agency takes over the missions and powers from the regional Hospitals Agencies (ARH) and the regional Union of Health Insurance Funds (URCAM)

Produces available on the gateway: national information on ARS and their functioning. All the ARS have also their own website where it is possible to find more detailed information about the ARS policy in the region

Pharmaceutical drugs, the pharmaceutical industry, medical devices, biotechnologies

Produces: Statistics on self-medication or over-the-counter drugs

► ANSM : The French National Agency for Medicines and Health Products Safety (official translation)

ANSM - Agence Nationale de Sécurité du Médicament et des Produits de Santé
Unité de Documentation
143-147, Bd Anatole France
93285 St Denis cedex
<https://www.ansm.sante.fr/>

Mission: The ANSM conducts expert assessment of healthcare products and acts as a decision-making body in the field of sanitary regulation. Every year, its Director General takes tens of thousands of decisions on behalf of the State. Their aim is to reconcile patient safety with access to therapeutic developments.

Produces: information on health safety and drug monitoring, recommendations in terms of the prescription of certain drugs, catalogues (pharmaceutical products, generic drugs, medical devices, pharmaceutical establishments), information on the medical service provided by drugs, reports on consumption, the prescription and sale of drugs

► AP - HP : Public Hospitals of Paris

Medical and pharmaceutical information centre
AP – HP - Assistance Publique - Hôpitaux de Paris
AGEPS (Agence Générale des Equipements et Produits de Santé)
Centre de documentation médico-pharmaceutique
7, rue du Fer à Moulin
75005 Paris
<https://ageps.aphp.fr/>

AP – HP is the biggest hospital groups in the Paris area

Field: Scientific information on drugs, hospital drugs

► BIU Health – Pharmaceutical section

Section pharmacie
4, av. de l'Observatoire
75270 Paris cedex 6
Tel : 01 53 73 95 22/23
<https://u-paris.fr/bibliotheques/biu-sante-pharmacie/>

BI is an inter-university pharmaceutical library

Field: History of pharmaceutical sciences, ancient books, theses, laboratory publications, works, periodicals

► CEPS : Economic Committee of Health Products (official translation)

CEPS - Comité Economique des Produits de Santé
14 av. Duquesne
75350 Paris SP

<https://solidarites-sante.gouv.fr/ministere/acteurs/instances-rattachees/article/ceps-comite-economique-des-produits-de-sante>

***Mission:** A player in drugs policy, the CEPS is most particularly involved in setting the price of drugs, monitoring expenses and the financial regulation of the market. It also puts forward the pricing for reimbursement, in accordance with ministerial directions. It may conclude agreements with healthcare professionals and the pharmaceutical industry (manufacturers and distributors) to negotiate the price of products, their evolution, discounts, commitments from companies regarding proper use, sales volumes and the participation of companies in drugs policy.*

***Produces:** Annual activity report containing information on the setting of prices for drugs (submitted files, processing of requests, price negotiations), on the regulation of the drugs market, and on the drug and medical devices market, and framework agreements; practical guides (English version) for entering products with a view to setting or revising the price of a product; pricing revision clauses, etc.*

► CNAM : The National Sickness Fund

CNAM - Caisse Nationale de l'Assurance Maladie
Service Documentation
50, av. du Professeur André Lemierre
75986 Paris cedex 20
Tel documentation : 01 72 60 10 20
<https://www.ameli.fr/assure/english-pages>

This sickness fund is the biggest one in France. It covers about 84% of French population.

***Produces on drugs:** Data on drug reimbursement expenditures, medical practice guidelines (RMO), reimbursement rates for drugs, prescription of drugs, generics, pharmacists' demography and activity*

► HAS : National Authority for Health (official translation)

Has -Haute Autorité de santé
Service Documentation
5, avenue du Stade de France

94200 Ivry sur Seine

Documentation : <https://www.economie.gouv.fr/cedef>

Mission : statistical department of this ministry.

Produces in the pharmaceutical field: Data on drug production...

► **Ministry in charge of health**

DREES : Department of Research, Evaluation, and Statistics

Ministères chargés de la santé et des affaires sociales

DREES (*Direction de la Recherche des Etudes de l'Evaluation et des Statistiques*)

Centre de documentation interdirection
11, Place des 5 Martyrs du Lycée Buffon
75696 Paris Cedex 14
Tél : 01 40 56 66 00
<https://drees.solidarites-sante.gouv.fr/>

Produces in the pharmaceutical field: statistical data on expenses concerning reimbursable drugs, consumption of non-prescription drugs, consumption of drugs in industrialised countries, etc.

► **National Pharmacists' Association**

Ordre National des Pharmaciens
4, av. Ruysdaël
75008 Paris
Tel : 01 56 21 34 34
<https://www.ordre.pharmacien.fr>
<https://www.ordre.pharmacien.fr/Qui-sommes-nous/Qu-est-ce-que-l-Ordre/The-French-Chamber-of-Pharmacists>

Mission: There are currently four Associations concerning the following healthcare professions: doctors, dentists, midwives and pharmacists. The creation of new French Medical Associations for certain paramedical professions is currently being studied.

It controls access to the practise of the profession of pharmacist, ensures that the ethics of the pharmaceutical profession are respected, and represents the profession.

Produces: Data on the demography of the pharmaceutical professions, directory of pharmacists, information on the regulations concerning drugs and pharmaceutical companies, the Association's opinion on legislative or regulatory texts with regard to the profession, etc.

► **NERES**

8, rue St Saëns
75015 Paris
Tel : 01 56 77 16 16
<https://neres.fr/>
<https://neres.fr/english/>
European association : <https://www.aesgp.eu/>

Missions: Nères is the association which represents the pharmaceutical companies which manufacture and sell selfcare products in France.

► **SNITEM : National Association of Medical Technology Industry (official translation)**

SNITEM - Syndicat National de l'Industrie des Technologies Médicales
39-41, rue Louis Blanc
92038 Paris La Défense cedex
Tel : 01 47 17 63 88
Email : info@snitem.fr
<https://www.snitem.fr>

Mission: SNITEM represents the medical technologies industry.

Produces: Information on member companies and their field of activity, key figures, and medical devices regulations.

Private pharmaceutical statistics files

► CEGEDIM

Division Santé
BP 405
122, rue d'Aguesseau
92103 Boulogne cedex
Email : communication@cegedim.fr
<https://www.cegedim.fr/Pages/default.aspx>

Cegedim is a private company that compiles databases or surveys in the healthcare field for specific clients for commercial Mission.

Produces: Statistics on sales of pharmaceutical products (Cegers), analysis of pharmaceutical prescriptions (Icomed), medical files and prescriptions (Thalès), medical information for doctors (Market surveillance pharma), sales force and management of medical visit (TVF), attachment of doctors to products (Icomed)... for its clients.

► GERS

GERS -Groupement pour l'Elaboration et la Réalisation de Statistiques
86 rue du Dôme
92100 Boulogne Billancourt
Tel : 01 49 09 62 75
<https://www.sas.gie-gers.fr/index.php3>

Produces: Created by the pharmaceutical industry, this group draws up and distributes sales statistics for pharmaceutical products for its members.

► IQVIA : Medical and statistical Information

IQVIA -Information médicales et statistiques
Tour D2
17 Bis Place des Reflets
TSA 64567
92099 La Défense Cedex
<https://www.iqvia.com/>

IQVIA is a private company that compiles databases or surveys in the field of healthcare for pharmaceutical and biotechnology companies for commercial Mission.

Produces: Statistics on the drugs market and on pharmaceutical prescriptions (EPPM)

Mortality, Causes of Death, Demography

- **INED : National Institute of Demographic Studies**
INED -Institut National des Etudes Démographiques
9 cours des Humanités
CS 50004
93322 Aubervilliers Cedex
Tel : 01 56 06 20 45
Email : doc@ined.fr
<https://www.ined.fr>
English website : <https://www.ined.fr/en/>
Library portal : https://campus-condorcet.primo.exlibrisgroup.com/discovery/search?vid=33CCP_INST:CCP&lang=fr

Mission: Research and distribution of studies on populations and the science of demographics
Produces: Demographic situation in France, life expectancy, mortality, causes of death, abortions...

- **INSERM : French Institute for Health and Medical Research**
Publications service
INSERM - Institut National de la Santé et de la Recherche Médicale
Service Edition / Librairie
101, rue de Tolbiac
75013 Paris
<https://www.inserm.fr/en> (Home page)
<https://www.inserm.fr/>=> Santé publique

Mission: INSERM is the French public research body entirely devoted to human health. Its vocation is the study of all diseases – from the most frequent to the rarest – through their biological, medical and population health research studies. It is tasked with facilitating interaction between fundamental research, clinical research, therapeutic or diagnostic research and research into public health. The research units are spread throughout the whole of France.
Produces: Inserm's publications (books), Inserm's research

- **INSERM : French Institute for Health and Medical Research**
CepiDc : Epidemiological centre on medical causes of death
INSERM -Institut National de la Santé et de la Recherche Médicale
CepiDc (Centre d'épidémiologie sur les causes médicales de décès)
80 rue du Général Leclerc - Bâtiment La Force
porte 58 - 3ème étage
94270 Le Kremlin-Bicêtre Cedex
<https://www.cepidec.inserm.fr/index.php>

Mission: This Inserm unit manages and runs the national register on the medical causes of death.
Produces: it provides data on the causes of death in France. This database has been providing exhaustive annual information on the numbers and rates of death according to different pathologies since 1968. It makes it possible to analyse the evolutions over time, spatial variations and disparities according to different characteristics of the populations, as well as to carry out comparative studies between countries. This database can be accessed on line and extracts from the national register may be requested.

► **INSERM : French Institute for Health and Medical Research**

Federation of Inserm research units in Epidemiology, social sciences, and public health

INSERM - Institut National de la Santé et de la Recherche Médicale

Centre de recherche *Epidémiologie et Santé des Populations (CESP)*

<https://cesp.inserm.fr/>

Mission: The CESP groups together units, laboratories or services common to Inserm that work in the field of epidemiology-biostatistics and the social sciences in the Paris region.

Produces: directory of structures and research topics

► **INSEE : National Institute for Statistics and Economic Studies (Official translation)**

INSEE - Institut National de la Statistique et des Etudes Economiques

Library

88 avenue Verdier

92120 Montrouge

Tél. : 01 41 17 67 18

Email : bibliotheque-alain-desrosieres@insee.fr

<https://www.insee.fr/en/accueil>

Library Portal: <http://bibliotheque.insee.net/>

INSEE conducts the census of the French population and provides statistics on the French population and the French life conditions.

Public Health, Morbidity

► BIU : medical schools library

BIU Santé - Bibliothèque Interuniversitaire de Médecine
Pôle Médecine - Odontologie
12 rue de l'Ecole de Médecine
75270 Paris cedex 06
Tel : 01 40 46 19 51
<https://u-paris.fr/bibliotheques/biu-sante-medecine/>

Mission: BIU Santé is the library of medical schools.

Produces: The BIU Santé has an important library collection on medicine, the history of medicine and the history of dentistry for students and healthcare professionals. Catalogues of the BIUM's collections, on-line resources, directory of French medical libraries, free question / answer service, provision of documents and reproductions

► BIU Santé - Pôle pharmacie-Biologie

4 rue de l'Observatoire
75270 Paris cedex 06
Tel : 01 53 73 93 22
<https://u-paris.fr/bibliotheques/biu-sante-pharmacie/>

► EHESP : National School of Public Health

EHESP -Ecole Nationale des Hautes Etudes en Santé Publique
Library
Av. du Pr Léon Bernard
35043 Rennes cedex
Tel : 02 99 02 29 50
<https://documentation.ehesp.fr/>

Produces: On line, the dissertations produced by students preparing to work in the field of public health and sanitary engineering, the collections' database.

► FNORS : National Federation of Regional Health Observatories

FNORS - Fédération Nationale des Observatoires Régionaux de la Santé
62, Bd Garibaldi
75015 Paris
Tel : 01 56 58 52 40
Email: info@fnors.org
<https://www.fnors.org>

Mission: The aim of Regional Health Observatories is to improve information on the state of health and the needs of regional populations, within the framework of a decision-making assistance role.

*Produces: Publications on health (epidemiology on pathologies, risk factors, study of specific populations, evaluations of actions or structures, relationships between health and the environment, offer and consumption of care) and Score Santé regional database.
Some Regional Health Observatories are open to the public.*

► HCSP : High Council on Public Health

Haut Conseil de la Santé Publique
18, place des Cinq-Martyrs-du-Lycée- Buffon, bureau 1131
75014 Paris
Tel: 01 40 56 79 80
<https://www.hcsp.fr/Explore.cgi/avisrapports?Langue=en&filtrer=filtrer>

Mission: Created in 2004, the HCSP's general mission is to provide elements to assist decision-making with a view to improving public health.

Produces: observation and orientation reports concerning public health – including the annual report “Healthcare in France”, sometimes translated into English – a quarterly review and a press review

- **INSERM : French Institute for Health and Medical Research**
Centre de recherche *Epidémiologie et Santé des Populations (CESP)*
<http://cesp.inserm.fr/>

Mission: The CESP groups together units, laboratories or services common to Inserm that work in the field of epidemiology-biostatistics and the social sciences in the Paris region.

Produces: directory of structures and research topics

- **Santé Publique France : French National Agency for Public Health**
Service Documentation
12, rue du Val d'Osne
94415 St Maurice
Tél : 01 41 79 62 52
Email : documentation@invs.sante.fr
<https://geodes.santepubliquefrance.fr/#c=home>
Library portal <https://portaildocumentaire.santepubliquefrance.fr/exl-php/accueil>

Mission: Santé Publique France is a governmental institution reporting to the Ministry of Health, which is responsible for monitoring the health status of the entire French population and alerting public authorities of threats to public health.

Produces: data and analyses on communicable diseases, environmental health, health in the workplace, chronic diseases, public health alerts and recommendations

- INSERM : National Institute for Health and Medical Research**
INSERM U444 (Réseau Sentinelles)
Unité Epidémiologie -BZE - Faculté St Antoine
27, rue de Chaligny
75012 Paris
<https://websenti.u707.jussieu.fr/sentiweb/?lang=en>

Mission: A INSERM unit supervises a surveillance of communicable diseases in France. Statistics are collected by a network of physicians.

Produces: Their website provides chronological or geographic series of data on epidemics : flu, diarrhea, measles, mumps, viral hepatitis, urethritis, prescriptions of HIV serology, GP's referrals to hospital

- **IRDES : Institute for Research and Information in Health Economics (official translation)**

IRDES -Institut de Recherche et Documentation en Economie de la Santé
117 bis rue Manin
75019 Paris
Tel : 01 53 93 43 00/51
Email : contact@irdes.fr
<https://www.irdes.fr>
English pages : <https://www.irdes.fr/english/home.html>

Produces in public health field: Data on morbidity which are collected from different surveys (ambulatory medical services, in-hospital, among households), morbidity of population groups (the Elderly, marginalised or homeless populations, women, the young), data on vital risk, disability and incapacity based on IRDES scales..

► Ministry in charge of health and social policy

Public Health Department
Ministères chargés de la santé et des affaires sociales
DGS- Direction Générale de la Santé
Service Documentation
14 av. Duquesne
75350 Paris 07
Tel : 01 40 56 52 73
<https://solidarites-sante.gouv.fr/ministere/organisation/directions/article/dgs-direction-generale-de-la-sante>
DGS Urgent : <https://solidarites-sante.gouv.fr/professionnels/article/dgs-urgent>

*Mission: This department is devoted to the development and public health policy implementation. Field : public health, prevention, health safety, risks
The documentation centre is common to the DGS and the Direction des Hôpitaux, but it does not receive the public.*

Produces: A few reports, but very few noted on the website, a service warning of urgent health-related problems for healthcare professionals (DGS-Urgent)

► OPEPS : Parliament office for health policy evaluation

Office Parlementaire d'Evaluation des Politiques de Santé
Sénat
15, rue de Vaugirard
75291 Paris Cedex 06
<https://www.senat.fr/commission/sante/index.html> (up to 2009)

Mission and produces: Created by the law on social security financing for 2003, this office produced information reports to inform Parliament of the consequences of public health choices "in order to help to monitor the laws on social security financing". This office was removed in 2009 and its missions are taken over by social affairs commissions.

► SFSP : French Society of Public Health

SFSP -Société Française de Santé Publique
1 rue de la Forêt
54520 Laxou
<https://www.sfsp.fr>

Mission: SFSP offers the different healthcare players a framework and resources for collective and interprofessional thinking, to formulate proposals for decision makers and to enlighten public opinion via the media on the issues at stake, and the strengths and weaknesses of public health policies.

Produces: Works, "Santé publique – Public health" review, news (training, forum, colloquia, calls for tender), public health laws

► Safety agencies

Gateway of the health safety agencies

<https://solidarites-sante.gouv.fr/ministere/acteurs/agences-et-operateurs/>

Portal for health and safety agencies involved in health and safety surveillance and watch.

► Health association directory

Annuaire des associations de patients

[https://doccismef.chu-rouen.fr/dc/#q=association patients](https://doccismef.chu-rouen.fr/dc/#q=association%20patients)

Repertory of associations for patients, their families and aid and support associations in the field of health.

Health Education

- ▶ **CESPHARM : French Pharmacists' Committee on Health and Social Education**
CESPHARM -Comité d'Education Sanitaire et Social de la Pharmacie Française
Ordre National des Pharmaciens
12 rue Ampère
75017 Paris
Email : cespharm@ordre.pharmacien.fr
<https://www.cespharm.fr/fr/Prevention-sante>

Mission: CESPHARM develops the role of the pharmacist in health education and prevention; drafting and distributing suitable communication products.

Produces: documentation for pharmacists, brochures and posters for the public

- ▶ **Santé Publique France : French National Agency for Public Health**
Service Documentation
12, rue du Val d'Osne
94415 St Maurice
Tél : 01 41 79 62 52
<https://www.santepubliquefrance.fr>
<https://portaildocumentaire.santepubliquefrance.fr/exl-php/accueil>

Mission: Santé Publique France oversees implementing policies in matters of prevention and health education within the more general framework of the orientations of public health policy set by the government. It also participates in the management of emergency or exceptional situations that have serious consequences on the general population's health, and in health education training

Produces: information on public health and health education: health promotion programmes, campaigns, surveys, and studies (« health barometers »), support to health promotion research and the development of health education in health care establishments, publications, support tools for action and guide for the evaluation of their quality.

- ▶ **The national federation of health promotion committees :**
<https://www.fnes.fr/>

- ▶ **UFSBD : French Federation for Dental Health**
UFSBD - Union Française pour la Santé Bucco-dentaire
7 rue Mariotte
75017 Paris
Tel : 01 44 90 72 80
<https://www.ufsbd.fr>

Mission: developing individual and collective orodental prevention

Produces: Information on orodental health and prevention for the public, and for professionals

Health Economics

Public administrations :

► CNAM : The National Sickness Fund

CNAM -Caisse Nationale de l'Assurance Maladie
Service Documentation
50, av. du Professeur André Lemierre
75986 Paris cedex 20

<https://www.ameli.fr> (assurance maladie en ligne)

English pages : <https://www.ameli.fr/l-assurance-maladie/connaitre-l-assurance-maladie/getting-informed-about-health-insurance/index.php>

*This sickness fund is the biggest one in France. It covers about 84% of French population
Produces in health economics: statistics and analysis on activity and supply of private health professions, trends in expenditures of health care reimbursement, health care coverage, medical practice...*

► Cour des Comptes : Court of Accounts (Official translation)

Cour des Comptes
Service documentation
13, rue Cambon
75100 Paris 01 SP

<https://www.ccomptes.fr>

Mission and produces: Within the framework of its missions to audit the State, national public institutions, public companies and social security bodies, every year the Court of Accounts publishes a report on the execution of the law on social security financing (audit of finances, audit and review of the application of the measures previously voted, audit and review of the functioning and administration of health institutions, etc.), and public reports that sometimes relate to the field of health.

► EN3S : National Higher Education Centre for Social Security

EN3S -Ecole Nationale Supérieure de Sécurité Sociale
Library
27, rue des Drs Charcot
42031 St Etienne cedex 2
Tel : 04 77 81 15 15

<http://www.en3s.fr/>

Library portal : <https://en3s.fr/secudoc/>

Mission: EN3S recruits students who will work in social security administrations. It also trains managers in activity for all Social security programs.

Produces: Students' thesis on health insurance, publications, bibliographic database of the library

► HAS : National Authority for Health (official translation)

HAS -Haute Autorité de santé

Service Documentation

5, avenue du Stade de France

93218 Saint-Denis La Plaine Cedex

https://www.has-sante.fr/jcms/c_415964/en/overview-of-has (english version)

Creation: HAS is a new actor in the new system of governance for the healthcare system, created by the law of 12 August 2004 reforming health insurance. Among the missions attributed on its creation, the National Authority for Health has taken over those of the Anaes and of the two Afssaps' committees, which now form part of the structure

Mission: Periodical evaluation of the service expected from products, procedures or healthcare provisions and of the service that they actually provide; Drawing up of recommendations concerning the definition and handling of Long-term illnesses (ALD); Drawing up of good practice reference documents; information for healthcare professionals and the public and certification of the quality of information (sites, software, etc.); Drawing up and implementation of professional practice evaluation procedures (EPP); Accreditation of public or private healthcare establishments, healthcare networks and healthcare facilities.

Produces: publications of professional recommendations and consensus conferences, information on accreditation procedures for healthcare establishments and reports on finished procedures, methods of evaluation for professional recommendations and procedures in the field of public health, and economic evaluations. Certain documents are translated into English.

► IGAS : General Audit Office of Social Affairs

IGAS -Inspection Générale des Affaires Sociales

Centre de documentation

39-43 quai André Citroen

75015 Paris

<https://www.igas.gouv.fr/>

Mission: IGAS aims to provide in-depth verification of respect for regulations and the proper use of public funds of institutions involved in social affairs. These inspections may be exhaustive or relate to one or more particular aspects.

Produces: reports on the evaluation of public policies, including public health, social protection, social action and solidarity policies.

► Ministry in charge of health

DREES : Department of Research, Evaluation, and Statistics

Ministères chargés de la santé et des affaires sociales

DREES - Direction de la Recherche des Etudes de l'Evaluation et des Statistiques

11, Place des 5 Martyrs du Lycée Buffon

75696 Paris cedex 14

Tél : 01 40 56 66 00

<https://drees.solidarites-sante.gouv.fr/>

Produces in health economics: Statistics and analysis on the healthcare system : health supply, health insurance coverage, health consumption, the Elderly...

► The French House of Lords

Sénat
